We are offering a program designed for those students who are homeschooled during the day and looking for an activity to do with horses. Bunker Park Stable is offering a 4 week equestrian course with basic horse education. Students will spend the first half hour in the barn getting their equine ready, followed by one hour of riding. Their session will include students participating in varied horse education, horse safety and care, grooming, tacking, and western riding instruction.

Reserve your spot early as the session is limited to 6 riders and they will fill up fast. These are set session dates that can not be made-up, if you are unable to attend one of the dates you will forfeit the lesson. If a session date is cancelled due to weather an alternative date/ time will be presented to you.
